One Who Surveyed, Built Bridges and

Today it is proposed to discuss the remark-Today it is proposed to discuss the remarkable things which have been accomplished by persons deprived of sight.

Where the list properly begins the writer.

Try it. Sample bottles free at Hartz &

in 1830, became one of the principals of the University of Berne, the author of a poetical dictionary of rare merit, besides works on history and belance.

the last years of his life. Properly he may not belong to this list, having had forty-siz

This is a Medicine that Conquers of Burns, the Scottish lyrist. A contempoaneous writer, speaking of the polished doctor, said: "He was a child of humble parent the designation of an accomplished scholar, a little investigation will concince you that the as is claimed for THE GREAT BESTORcultivated thinker and a poet of high order His accomplishments, won under the mos LADIES - From whatever form of comoppressive disadvantages, give us a wonder his friendship for Hume, as mentioned above, caused the flock to rebel against their shep-herd, which finally resulted in the doctor's Wall Paper. The embryo poet was on the point of ship ping for the West Indies, when a letter from and saved to the world one of its greatest

A GREAT NATURALIST. Francois Huber, the Swiss naturalist, loss his sight at an early age, became an eminer ologist, and wrote on bees, ants an named Rurnens aided him in making man valuable original observations on the habit of these creatures. Although the servant and son rendered invaluable aid, it was admitted

BUNTER, DRIVER AND SURVEYOR. John Metcalf, a most wonderful produc which would have benumbed the faculties o arrived at man's estate he was owner of a house, a small farm and a horse and car quently engaged to carry travelers t York, a distance of sixteen miles. In a this hazardous work he was as trust; as any man with two eyes, and got into bu Stoves with Castings, easily extricate himself. He became a great hunter and followed the bounds with as much this day there are dozens of monuments to onn Metcalf in his native shire in the shap -Real Estate-elegant road beds and splendid bridges At Huddersfield one of the finest and mos substantial bridges is known to have been onstructed by him. What he could have a complished with organs of sight unimpaired we can only conjecture.—John W. Wright in St. Louis Republic. nsurance Agent

A beggar was sitting in a New York street holding out a battered hat. The following Royal Insurance Company, of England placard was bung about his neck: "Please good people, help a poor blind man who was once rich, but who has been reduced from af-fluence to poverty. You will never regret it." Presently along came a pleasant faced Buffalo German Ins. Co., Buffalo. N. Y. Rochester German Ins. Co. Roch'r N. Y man with a sharp, shrewd eye. He looked at the poor old beggar curiously for a mo-ment, and then suddenly drew back his arm as though to strike him a blow in the face The movement was only a feint, but it served the purpose. The beggar jumped back about a yard and started on a run up the avenue winding his way in and out among the pass-ing vehicles with wonderful skill for a blind

SOME BLIND POETS. Henry, the author of the "Poetic Life of Wallace," was born blind. He early exhibitsi wonderful imaginative faculties, which sere turned to good account in the pro-luction of the book mentioned. The sores, tetter, chapped hands, chilblains nique character of the work caused it to corns and all skin eruptions, and posiwe a wide circulation, making the name of tively cures piles, or no pay required. It enry, the minstrel, more familiar to the signaranteed to give perfect satisfaction by your loving common people of the British or money refunded. Price 25 cents per des than that of the most standard prose box. For sale by Hartz & Bahnsen.

crowd of nimrods. Old hunters predic rose and verse, best known as the author of Paradise Lost," was totally blind during years of daylight in which to complete his studies before impenetrable and perpetual night shrouded him in its inky gloom. Thay only mentioned him in this connection in winslow's Soothing Syrup for children order to open the way for a broad assertion, teething. Its value is incalculable. viz. That two of the greatest poets known to history, Milton and Homer, were both mediately. Depend upon it mothers,

Thomas Blacklock, D. D., one of the mos learned men of the Eighteenth century, was born in 1721 and died in 1791. He was blind sch and bowels, cures wind colic, softthe age of 3 months. Not withstanding the scouraging circumstances under which he bored, Dr. Blacklock became one of the tem. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the sicians in the United States, and is for sale by all druggists throughout the age, but has now won for himself, before he has reached what men call the middle age, expulsion. Had Blacklock never lived the name of Robert Burns would, perhaps, never have been known in the world of letters. liacklock caused him to change his mind,

ther insects. His son, Pierre, and a servant by both that the elder Huber was the master mind in the preparation of their many books and papers on entomology, zoology and me-teorology. Many believe that Huber would scalds, burns wounds and all other sores Will positively cure piles, tetter and al skin eruption. Try this wonder healer. have become as eminent in his special branches have become as eminent in his special branches as either Humboldt or Cuvier could be have as either Humboldt or Cuvier could be have ed. Only 25 cents. Sold by druggists

tion of the inst century, was born at Knares borough. Yorkshire, England, in 1717. At the age of 4 years a hard attack of the mea-sies struck him totally blind—so blind that the brightest rays of the sun gave him no perception of light. Yet he did not give up Oil, which is the greatest pain destroye despair. A calamity had overtaken him less courageous man forever. Not so with John Metcalf. It seemed only to brighten his remaining senses. At first be learned music, and, at the age of 12, was the most expert violinist in all England. When he riage. At the age of 23 he was a well known carrier, engaged in the occupation carrying persons through the crowd-i streets to and from places of amuse-tent. Besides his street work he frepleasure and as surely as the most keen eyed nunter. He had his own horse and could tell the buying of his own bounds among hundreds. At the age of 40 he began the study of surveying and bridge building. This not for idle pastime, but for profit. At one time he was the official surveyor of Yorkshire. Even
